at these towns, and, therefore, it would be unjust to compel the roads to stop their trains there. A lively discussion followed, n which Mr. Platt, Mr. Teller and Mr. Berry took part, as to the lawless acts which had been perpetrated. Mr. Berry stated that the people were law-abiding until the railroad continually violated the law. The vote was then taken on Mr. Berry's motion, and it was agreed to-24

Consideration of the sundry civil bill was then resumed, and Mr. Proctor, Republican, of Vermont, offered an amendment calling on the Secretary of War and the Attorney-general for information as to the possibility of acquiring the right to the water power of the great falls of the Potomac for increasing the water supply of the city of Washington and generating electricity for lighting the streets.

Mr. Chandler offered an amendment to that proposed by Mr. Proctor directing the Secretary of War to negotiate with the Great Falls Manufacturing Company and the owners of the land on both sides of the falls for the acquirement of full rights to the water power. Both amendments were agreed to. On motion of Mr. Power, Republican, of

Montana, an amendment was incorporated in the bill appropriating \$300,000 for the construction of Fort Harrison, Montana. The committee amendment striking out the paragraph authorizing the Secretary of War to designate a confederate veteran of the battle of Chattanooga or Chickamauga to assist in preparing the historical tablets to be erected on those battlefields was rescinded. An amendment was adopted authorizing the Secretary of War to employ a representative of the Army of Northern Virginia (confederate), who fought at Gettysburg, to assist in preparing the tablets for the Gettysburg battle-

Mr. Dubols, Republican, of Idaho, offered an amendment increasing the appropriation for surveying public lands from \$275,-000 to \$400,000, and to this Mr. Allen, Populist, of Nebraska, sought to add a pro-vision for the irrigation and survey of arid and semi-arid lands and appropriat-ing \$100,000 for the purpose. The former amendment was agreed to and the latter was left pending an adjournment.
The report of the conference committee on the agricultural bill, in which the Senate conferees agreed to recede from the amendment appropriating \$1,000,000 for the extermination of the Russian thistle, was agreed to.

A resolution instructing the Senate committee appointed to investigate the charges of bribery of Senators in connection with the sugar schedule of the tariff bill was moved by Senator Chandler to inquire into the organization and history of the Domin-ion Coal Company, limited, of Nova Scotia, for the purpose of ascertaining whether the company was formed or was being conducted by reason of any assurances that the tariff duty on coal would be repealed by Congress, and, if so, who gave such as-surances, and whether or not any officer of the government or any member of Congress were interested in said company, and what action, if any, had been taken by any person in fulfillment of assurances. The resolution went over until to-morrow.

Mr. Hatch's pure food bill will be favorably reported to the House, the agriculcommittee having so voted to-day. Under the authority of Congress to regulate commerce, the bill proposes to prohibit the introduction into the United States from abroad or the transportation between States of adulterated food or drugs, under heavy penalty of fine and imprisonment,

### PUBLIC DEBT INCREASING. Million and a Half Added to It During

Month of July. WASHINGTON, Aug. 1.-The regular monthly statement of the public debt issued to-day by the Treasury Department shows that the aggregate of the public debt on July 31, 1894, was \$1,633,806,240, as against \$1,632,253,636 on June 30, 1894. This apparent increase of \$1,552,604 in the public debt is owing to the increase in the issue of certificates and treasury notes, which, however, are offset by an equal amount of cash in the treasury. Aside from this item the statement shows a net decrease

in the public debt of \$63,905. On July 31, 1894, the interest-bearing debt amounted to \$635,042,590, an increase for the month of \$700. The debt on which interest has ceased since maturity amounted to \$1,840,850, a Grerease of \$10,390. The deat bearing no interest was \$379,950,470, a decrease of \$54,215. The increase in certificates and treasury notes, offset by an equal amount of caso

in the treasury, was increased from \$615,-325,810 on June 30, 1894, to \$616,972,397 on on June 30, 1894, to \$616,972,397 on July 31, 1891. The cash in the treasury is classified as fellows: Gold coin and bars, \$120,922,836. silver, \$512,880,682; paper, \$121,932,091; bonds, etc., \$17,466,156, making an aggregate of \$774.201.766, against which there are demand liabilities amounting to \$655,136,414, leaving

a cash balance of \$119,065,352, of waita n the cash balance during the month was Holdelbach, Ickelheimer & Co., of New York, will ship \$600,000 gold and Hoskier. A statement issued to-day by the Controller shows the total amount of natinal bank notes outstanding to be \$207,445,489, an increase in total circulation for the month of \$186,182, and for the year of \$23,789,569. The amount of circulation outstanding against bonds is \$181,055,934, an increase for the month of 3487,350, and for the year of \$17,834,441. The amount of lawful money or deposit to secure circulation is showr to be \$26,389,555, a decrease of \$301,168 for the month, and an increase for the year of \$5,954,928. The amount of United States registered bonds on deposit to secure circulation notes is \$202,281,000, and they secure public deposits of \$14,726,000.

# A MYSTERIOUS MISSION.

Queen Liliuokalani's Agents Refuse to Divulge Their Mission.

WASHINGTON, Aug. 1.-The Hawaiian royalist commissioners, who reached the city last night, kept to their rooms at the Arlington most of the day, arranging for their pian of work while here. When a reporter asked Mr. Wideman the purpose of their visit to Washington he replied: "I cannot tell you at this time. We have

agreed not to divulge the nature of our mission until we see Secretary Gresham, and also possibly the President. We expect to see the Secretary to-morrow and shall go direct to the State Department and not seek the assistance of any intermediary, just the same as you would do had you any business there. The President has received the plea for the restoration of the Queen and why should we, who represent her, not have the privilege of calling on the Secretary? Mr. Wideman said further that the com-

mission had not come to Washington to ask for the restoration of the Queen nor for the purpose of asking compensation for her because of her dethronement. In fact, he (Wideman), had not heard of this report until he reached Washington, Mr. Wideman was somewhat chary in discussing the statement that has been printed to the effect that the commission would request the United States to adopt a policy noninterference in Hawaiian matters pending further developments. It was evident, however, that he felt deeply on this subject for he promptly replied, in answer to a question regarding it that the resolution of the United States Senate certainly meant noninterference and later he made a remark to the effect that the present government was that of Mr. Stevens, formerly the American minister. Secretary Gresham will see the Hawaiians as individuals, but it is unlikely that anything definite will come of their visit.

### CRANK AT THE WHITE HOUSE. Thomas Cadogan Wanted to Discuss

Things with the President. WASHINGTON, Aug. 1.-The immunity from cranks which the White House officials have enjoyed for a few weeks was rudely broken to-day by the appearance at the main doorway of an undersized man in working clothes and carrying a bag of stonemason's tools over his shoulder. He was Thomas Cadogan and gave his address as the Lynn House in Pennsylvania avenue. In an excited manner he told the watchman "I want to see the President." What for?" queried the policeman

quietly. "They want to put me under ground see? And I want to tell the President about it and you must not stop me," replied Cadogan nervously. A telephone call brought a patrol wagon in short order and the man was carried to the Third precinct station. Some crank papers were found in his pockets, making it appear that Cadogan wanted to secure the President's permission to "line" the Capitol building. He has called before at the White House, but was tractable and persuaded to go away. In a note he left for the President he com plained that the watchman kept him from discussing matters of importance with Mr.

### PENSION FOR "SHARP NOSE." An Arapaho Chief's Services Remem-

bered by Congress. WASHINGTON, Aug. 1.- "Sharp Nose," an Arapaho Indian chief of Wyoming, has been deemed by the House pension commit-

tee worthy of a pension of \$12 a month for

his services to the government as a scout in leading the attack on the village of hostile Cheyennes in the Big Horn mountains in November, 1876, and on other occasions. "Sharp Nose" is now broken in health, and the committee decided to report a bill for him introduced by Representative Coffeen. Papers are on file signed by President Gar-field, Generals Howard, Crook and Brooke, recommending "Sharp Nose" for govern-ment aid. Western Representatives say that pensions to friendly Indians have always proved good investments.

Agree on Senator Camden's Blame. WASHINGTON, Aug. 1.-The Senate Sugar Trust investigation committee was in session to-day, considering the final reports to be made by the committee. There is no longer any doubt that the Democratic members of the committee and the Republican members will present a disagreement on the main features developed by the inquiry, and that there will be two reports, showing the political shadings of the two parties represented by the Senators. There are some features, however, on which all the members of the committee will agree, and it is understood that the part whic! Senator Camden has played in the inquiry is one of the points on which the Democrats and Republicans agree. On this point the testimony will be cited and the facts as they appear commented on in a manner which will not, it is stated, relieve the West Virginia Senator from blame.

Never Be Carried Out. WASHINGTON, Aug. 1.-It is doubtful whether the provisions of the recent decision of Assistant Attorney-general Hall respecting citizenship in the Cherokee Indian na'lon will ever be carried out by the Interior Department. There are between thirty thousand and forty thousand intruders in the nation to be removed by the government, a work which could be accomplished only by strong military aid. There are no funds at present to justify the appraisement of the improvements made by the intruders, which is required to be done before their ejectment is begun. An amendment to the Indian appropriation bill setting apart \$4,000 for the cost of appraisement will probably be made, but no plan whatever for the actual ejectment of these intruders has been outlined

Her Keel and Bilge Plates Bent. WASHINGTON, Aug. 1.-The good judgment of the Navy Department in requiring the Minneapolis to be docked and examined after grounding on her trial trip, and before accepting her, was verified by the result as reported to the department to-day. It was found that the vessel had received of Dubois county, but now of Petersburg. a dent in her keel and bilge plates about | Coffee is a good-for-nothing fellow, and two feet long and about three inches deep, and that the central propeller was roughened on the edges, as though it had struck some hard object. As the damage was received while the ship was in the hands of the contractors, they proceeded at once with the work of removing and strengthening the bent plates, which will not take long nor be expensive.

Admiral Stanton Retired. WASHINGTON, Aug. 1.-The President to-day approved the application for retirement of Admiral Stanton, to take effect July 30. This results in the promotion of Commodore Erben, now commanding the European station, to be rear admiral, and the assignment of Commodore Richard Meade to the command of the north Atlantic station, vacated by Admiral Stanton's retirement.

For the New Mint Building. WASHINGTON, Ang. 1.-Secretary Carlisle has accepted the Sixteenth and Spring Garden streets site as the location for the new Philadelphia mint building. The consideration agreed on is \$35,000, which is a compromise between the offers of the owners and the offer of the Secretary.

### Voorhees Recovering.

Special to the Indianapolis Journal. WASHINGTON, Aug 1 .- Senator Voorhees is recovering from his late illness and expects to resume his place in conference committee in a day or two.

## TEMPERANCE CAMP MEETING.

Fourteenth Annual Gathering of the National Society.

OCEAN GROVE, N. J., Aug. 1.-The fourteenth annual temperance camp meeting under the auspices of the National Temperance Society opened in the auditorium to-day. The meeting will last the remainder of the week. An address of welcome to the delegates was made by Rev. E. H. Stokes and responses were made by John H. Sterns and Joseph Cook. The afternoon meeting was addressed by Rev. Dr. Albert G. Lawson, of Camden, and by Rev. Dr. W. C. Steele, of Oyster Bay, N. Y. The evening session will be addressed by the Hon. Edward Carswell, of Canada. There are great crowds in attendance at the meet-

Insurance Company Fails.

ST. JOSEPH, Mo., Aug. 1 .- W. R. Huff, representing the State Superintendent of Insurance, is in charge of the National Temperance Relief Association, of this city, which is declared to be insolvent. The National Temperance Relief Association is a mutual life insurance concern which has done business in the West for a number of years. The Habilities are about \$40,000. The action of the State Superintendent of Insurance was taken after a thorough examination of the affairs of the company.

# TILLIE SEBRAN'S FATE

SHE FELL ABOUT 150 FEET AND WAS CRUSHED AND MANGLED.

Whitecap Trial in Pike County-Friends' Bible Assembly-Red Men's Celebration at Anderson.

Special to the Indianapolis Journal. ANDERSON, Ind., Aug. 1 .- Miss Tillie Sebran, aged seventeen, was instantly killed here this afternoon. Miss Sebran and her brother arrived in Anderson last night from Richmond, where they reside. Sebran had an old balloon and a parachute with which his young sister had determined, against the earnest protest of her mother, to make an ascension and leap. The event took place at Inwood Park, on the eastern limit of the city. The balloon shot up about two hundred feet, when Miss Sebran cut loose. The parachute did not fill, and several thousand people were sickened by the horrible sight of the awful rapidity with which she shot earthward. When about 150 high the parachute suddenly opened, but the force broke her grasp, and with an awful impact the poor girl fell just opposite the river and within sight of the thousands of Red Men picnicking at Riverside Park and the crowd assembled at the baseball park. When she was reached life was extinct. The impact broke her left leg and ankle, crushed her spinal column and broke her neck. The body was taken to Sells's morgue, and will be taken to her home in Richmond tomorrow morning. It was her first effort, and she had an engagement to go to Pendleton next Sunday.

### DUBOIS COUNTY WHITE CAPS. Trial of Henry Sutton at Petersburg-

Results of Previous Suits. Special to the Indianapolis Journal.

PETERSBURG, Ind., Aug. 1.-The trial of Henry Sutton, charged with whitecapping, venued to this county from Dubois county, began in the Pike Circuit Court this merning, and promises to be one of the most exciting trials that ever took place in this court. Sutton is charged with whipping one William Coffee and wife, formerly was looked upon by the respectable people of Dubois county as a disgrace to any community. One chilly night in November, 1890, Coffee and wife were taken from their home, near Ellsworth, Dubois county, by ten or twelve masked men and whipped without mercy. The whipping of Coffee and wife stirred the whole county, and the grand grand jury began at once to investigate the matter. It was over a year from the time of the whipping until the guilty parties were run down. Late in the fall of 1891 the grand jury found indictments against Henry Sutton, John H. Brown, Thomas Highfield, William Highfield and two other men named Ellis, prominent and prosperous farmers of Dubois county, charging them with the crime. The arrest of these men immediately followed the action of the grand jury, which caused quite a sensation, the defendants being so widely known.

William Highfield was the first of the men tried. His trial took place at Jasper, and was hotly contested both by State and defense. The jury in the case brought in a verdict of guilty, and Highfield was sentenced to two years in the penitentiary, where he is at present. The trial of Thomas Highfield followed, and the defendant was acquitted. The third man tried was John H. Brown, who was convicted, after one of the warmest legal battles ever fought in the courthouse in Jasper. Brown was sentenced for two years, but in some way ascertained this fact before the verdict was read in open court, and fled, and has never been heard of since. All efforts to locate him have been fruitless. The case against the Ellis boys was nollied, Coffee having made an affidavit that they had nothing to

do with the crime. The trial of Sutton will be a hotly contested fight. Several lawyers are employed by both State and defense. Over two hundred witnesses have been summoned from Dubois county. Sutton, the defendant, is an old soldier, and has always been a good citizen, his reputation being above reproach. He is now a resident of this county.

# FOUND A CAVE.

Oil-Well Drillers Strike an Underground Chamber in Wells County. Special to the Indianapolis Journal. MUNCIE, Ind., Aug. 1.-A. M. Huffman,

who is drilling a number of oil wells in the Blackford and Wells county fields, was in Muncie yesterday, and told of the discovery of a cave in that district. The find was made in the Yawger settlement, in Nottingham township, Wells county. A cavity was struck at the depth of about a hundred and fifty feet in rock, and when the drill went through it could not be let down far enough to reach a solid foundation. Six different holes were drilled close around, all with the same result. To further test the matter, two poles twenty feet long and a little less in diameter than that of the holes were cut and dropped into one of them, with the same result, both disappearing without being able to find them again when the drill was let down. On Friday sixty quarts of nitro-glycerine were exploded in one hole, but the report was only faintly heard, and nothing came out of the hole but a little water and a small quantity of red mud that resembled a thick paste. Mr. Huffman, who has had a number of years' experience, says he never encountered anything like it. Further investigation will be made.

### BROWN COUNTY BARBARITY. Savage Brutalities That Were Inflicted on the Stevenson Brothers. Special to the Indianapolis Journal.

COLUMBUS, Ind., Aug. 1.-Alonzo Stevenson, the Brown county White Cap victim, was driven into Nashville yesterday by his young wife. He has, since he was shot, received but little if any medical treatment. The ball is still imbedded in the fleshy part of his leg, below the knee, and his leg and foot are swollen to twice their natural size. When he was shot by the Whitecappers he was a picture of health; now he is greatly reduced in flesh, and looks like a dead man. Charles Stevenson, a brother, was also in Nashville. He was the worst whipped of any. After being knocked down by the Whitecappers with a club, he was bound to a tree, and with hickory withes whipped until gashes were cut in his back that cannot be filled by the finger of a large man. All the Stevenson families, excepting Alonzo's, have left Brown county and gone to Bloomington, and as soon as he can travel he will do so. As yet there has been little or nothing done to hunt down and prosecute the Whitecappers.

# EDITORS FED WELL.

The Republican Association at South Bend Yesterday.

Special to the Indianapolis Journal. SOUTH BEND, Ind., Aug. 1.-The members of the Indiana Republican Editorial Association have been in the city all day and left to-night for St. Joseph, Mich. They arrived last evening from Lake Maxinkuckee and went to the residence of the late Alfred B. Miller, founder of the South Bend Tribune, where an elaborate dinner was served by the manufacturers, assisted by Frederick A. Miller, Elmer Crockett, Ralph S. Tarbell and John M. Deffenbaugh, of the Tribune, and their wives and Mrs. Alfred B. Miller. This forenoon street cars conveyed the visitors to Mishawaka, where the manufacturers, assisted by editor Jernegan, of the Enterprise, served a lunch. Ims afternoon was taken up with a long carriage drive over the city, a visit to the factories and to Notre Dame University. The leading event of the forenoon was a display by the fire department.

# FIVE CHILDREN BITTEN.

Work of a Dog at Rochester That Developed Hydrophobia.

Special to the Indianapolis Journal. ROCHESTER, Ind., Aug. 1 .- This community is considerably excited over a case of hydrophobia which developed in a dog owned by William Harding. The dog bit five children and a number of dogs before it was killed. The children were all taken to Terre Haute this morning to have a madstone applied to their wounds, and a telegram has just been received stating that the stone adhered. It is believed that further injuries will be inflicted by the dogs that were bitten, as every dog seen

on the streets without a muzzle is promptly killed by the officers.

Friends' Bible School Assembly.

Special to the Indianapolis Journal. CARMEL, Ind., Aug. 1.-The town is crowded with people who have come to attend the Bible School Assembly of the Friends' Western Yearly Meeting. Delegates are present representing the Sunday schools of Illinois and western Indiana. On Tuesday night, preliminary to the regular Bible school sessions, the Rev. Thomas C. Brown, of Indianapolis, delivered the annual Bible school sermon. Wednesday morning the sessions proper began. After the report of the delegates Candas Johnson delivered the address of welcome, to which Emma Clark, of Vermillion Grove, Ill., responded. General Superintendent George H. Moore made his regular report, after which a midweek meeting for worship was conducted by the Rev. Lewis I. Hadley, of Friendswood, Ind. The afternoon programme was as follows: "Relation of the Bible School to Christian Endeavor," Richard Haworth, Greentown, Ind.; "Education the Counterpart of Religion," C. L. Mendenhall, New London, Ind.; discussion, other superintendents; "Social Friction," Perry Kendall, Thorntown, Ind. It is the aim o the assembly to aid and encourage the study of the Bible, both in its scholastic significance and on its practical side, and to bring out those discussions which show its relation to some of the problems of sociology and its accord with good citizenship. The sessions will continue throughout Thursday.

Commencement at Danville Normal. Special to the Indianapolis Journal. DANVILLE, Ind., Aug. 1.-The commencement of the law school of the Cen-

tral Normal College attracted a large au-

dience. The programme was: "The A. P. A .- An Enemy of Civil Liberty," C. H. Noggle; "Effects of Indiscriminate Immigration," Victor M. Harper; "The Elements of Good Government," Greathouse; "The Strike," Ora Staley; "Criminal Prosecutions," J. G. Saxton; "Criminal Defenses," F. M. Saxton. The diplomas were presented by Prof. J. L.

Clark. To-night the teachers' class graduated, only nine from a class of thirty-five speaking. The list of graduates in this department is: Anna Lydick, A. W. Brown, Burchard H. Roark, U. S. Lindsey, Martha Mastin, C. S. Masterton, F. Frederick Fahl, Charles T. Bennett, Alice Taylor, Oscar D. Short, Elmer T. Ebersol, Cora Allen, H. W. Bortner, G. W. Day, Aldia A. Hoadley, W. Parker, J. ### An Exchange of Pastors.

Special to the Indianapolis Journal. GREENCASTLE, Ind., Aug. 1.-At the juarterly conference of the College-avenue M. E. Church, just closed, a call was extended to Dr. J. H. Hollingsworth, of the First Methodist Episcopal Church of South Bend, which will in all probability be accepted by that gentleman, as his full term of five years will have expired by the time conference meets. Dr. Salem B. Town, who has been pastor of College-avenue Church for four years, was the unanimous choice of the quarterly conference for the coming year, but he has a call from the First Church at South Bend, at an increase in salary, which he has accepted. Dr. Town has been remarkably successful in his pastoral work here, and there is much regret at his leaving. Strong resolutions in his favor and expressions of high regard and esteem were passed by the quarterly conference. By the coincidence the congregations of Greencastle and South Bend make an exchange of pastors. Dr. Town has been pastor of the South Bend church before, and goes among old friends.

Long-Distance Electric Line.

Special to the Indianapolis Journal. MARION, Ind., Aug. 1.-W. C. McWhinney, superintendent of the Marion Streetrailway Company, in an interview, expressed the opinion that in two years this city will be connected with Indianapolis by electric railway. The Marion company already runs into Gas City, six miles south of here, and intends soon to extend the line to Fairmount. A line from Anderson to Alexandria has been under contemplation for some time by the Anderson company. This, when constructed, would leave but ten miles to be completed between here and Anderson. That Anderson is to be connested with Indianapolis by electric railway is regarded as a foregone conclusion. The cars vould be constructed with a view to long crips; they would be comfortable and built for speed. The schedule time would be but little slower than that of the steam cars. Mr. McWhinney says that cars would leave at intervals of not over an

# Worried by the Barrett Law.

Special to the Indianapolis Journal. CONNERSVILLE, Ind., Aug. 1 .- A legal controversy is being carried on here regarding the legality of an ordinance providing for a sewerage system, and should the Common Council pass this ordinance under the Barrett law at their coming meeting it will likely precipitate a suit in court. As previously stated this city's ordinances under the Barrett law have proved in a measure unsuccessful, and in the contemplated improvement another legal difficulty will be met. The Barrett law does not levy a tax to provide for the city's cost of a proposed improvement, and as Connersville has reached its constitutional debt limit several of the legal lights affirm it has no means of paying the cost of 'the sewerage system at the street crossings. The action of the Common Council is awaited with much interest, as the city is divided into factions on the question.

# The Red Men's Picnic.

Special to the Indianapolis Journal. ANDERSON, Ind., Aug. 1.-The Red Men's picnic to-day brought about three thousand strangers to the city. Every tribe in the district was represented except those of Muncie, who recently withdrew from the association. The parade was one of the largest ever witnessed in Anderson. At the business meeting this afternoon, after a spirited contest in which Marion, Tipton and Alexandria participated, the delegates selected Marion as the place of the next annual picnic, which will be held the last Wednesday in August, 1895. The following officers were elected: President, A. D. Michel, of Marion; Secretary, Louis Bu-channan, of Marion; treasurer, T. N. French, of Alexandria.

Engineer Little's Wonderful Vitality. Special to the Indianapolis Journal.

SEYMOUR, Ind., Aug. 1.-Engineer John Little, who had his skull crushed in the wreck on the Baltimore & Ohio Southwestern railroad, at Cochran, last Wednesday evening, and who has been reported dead, is still living. He has been lying in an unconscious condition since the accident until this morning, when he began to show signs of returning consciousness and was given a light diet. The chances for his recovery are extremely doubtful, but within the range of possibilities. About four inches of the skull back of the right ear has been removed by Dr. M. F. Gerrish. His right side is paralyzed, and should he recover he will be a cripple for life.

# To Enforce the Laws.

Special to the Indianapolis Journal. MUNCIE, Ind., Aug. 1.-At a meeting of about one hundred citizens, at the courthouse, a Citizens' League was organized. composed principally of ministers and members of the Good Citizens' Committee. Dr. W. N. Spurgeon was chairman of the meeting and Rev. J. H. C. McKinney secretary. A constitution was prepared by P. T. King, C. M. Kessler and Rev. McKinney, and the next meeting will be held on Tuesday night for t'e selection of officers. The purpose of the proposed organization is the enforcement of the laws in relation to liquor selling, gambling, Sunday observ-

# INDIANA POLITICS.

Fourth District Republicans Deeply Interested in To-Day's Convention. Special to the Indianapolis Journal GREENSBURG, Ind., Aug. 1.-Much interest is taken in the Republican congressional convention of the Fourth district,

which meets at this place to-morrow. The district is composed of the counties of Dearborn, Decatur, Franklin, Ohio, Ripley, Rush, Shelby and Switzerland, and in convention will be represented by 162 delegates. In 1892 the Democrats cast 19,009 votes, the Republicans 15,928, the Prohibitionsists 788, Populists 421. Many Democrats are saying they will not vote for Mr. Holman, for the reason that he has outlived his usefulness. In several counties

the defection is serious and is growing. Hon. Will Cumback has written a letter declining a nomination, and his name will not be presented to the convention. An effort is being made to spring Hon. James E. Watson, of Rushville, as a dark horse. He has some warm supporters on hand, ready to give him a good start. He says he is not a candidate. A large delegation arrived from Dearborn county and are booming E. D. Moore, a popular business man. His friends are claiming a large vote on the first ballot and his nomination on the second. Daily Wilson's friends are here from Ripley urging his nomination. He will show considerable strength on the first ballot. Among those present to-night are A. E.

Newlin, E. D. Moore, George M. Roberts, W. Daily Wilson, J. J. Wingate, James E. Watsen, L. W. Hill, C. W. Stopp, C. H. Wilson and others.

### JAPS WERE BRUTAL.

(Concluded from First Page.) who has traveled extensively in China and Japan, and spent many years in close connection with the mission work in those countries, says: "There is much reason to fear for the safety of the missionaries, both men and women now stationed in China and Corea. The natives are always ready to visit the responsibility of the trouble on foreigners, no matter how re-mote they may be from the cause of the trouble. While this present danger to the missionaries is to be feared, it is likely that the war, in the long run, will help the cause of the missions by stimulating the government to greater concessions in their

Insurance Rates Rising.

SAN FRANCISCO, Aug. 1.-War having been declared between China and Japan, the marine insurance companies which have agencies in this city will not write any more policies for merchandise shipped from San Francisco to Japanese and Chinese ports unless a special war risk is included, It will make no difference whether the goods are shipped in American or foreign vessels, except that the sentiment among the underwriters, especially those who represent foreign marine insurance companies, is that the merchandise will be safer in British bottoms and the risk on such will probably be the lightest of all.

Price of Rice Is Shooting Up. SAN FRANCISCO, Aug. 1 .- The alarming news from Asia, combined with reports of severe droughts in Japan, has resulted in a general advance in the market price of rice, which is a staple article of consumption among the thousands of Chinese and Japanese on the Pacific coast. Japanese rice has risen from \$4.371/2 to \$5 per one hundred pounds, Chinese mixed rice from \$3.50 to \$3.75 per hundred pounds and Hawaiian rice from \$4.50 to \$5.25 and \$5.50 per hundred pounds.
